- Software Development

## Experience

### Freelancer, Fiverr

Hosting: <https://education-app-test.onrender.com>

- **Technologies: Django, Tailwind CSS, Docker**
- **Description:** Developed a web application featuring an AI-powered question paper generator, OMR sheet recognition, an automatic grading system, and integrated PayPal payment gateway.
- Designed and implemented the application using Django for backend logic and Tailwind CSS for responsive frontend design.
- Integrated AI algorithms for dynamic generation of question papers.
- Implemented OMR technology to recognize and process scanned answer sheets.
- Developed an automatic grading system to assess submissions.
- Deployed and hosted the application using Docker to ensure a consistent environment and scalability.
